

Your

Water Management Organization

What does VLAWMO

DO?

VLAWMO includes portions or all of:

- Gem Lake
- North Oaks
- Lino Lakes
- Vadnais Heights
- White Bear Lake
- White Bear Township

PARTNER & ENGAGE

Work with agencies, groups, and communities to achieve our goals

Bringing neighbors together to create big changes for a greener, cleaner community

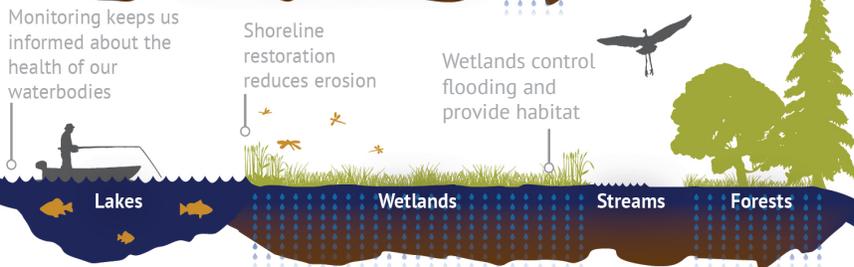

PREVENT & REDUCE

Prevent and reduce runoff by capturing it where it falls

MONITOR

Monitor pollution, flow, and volume of local waters in respects to state water quality standards

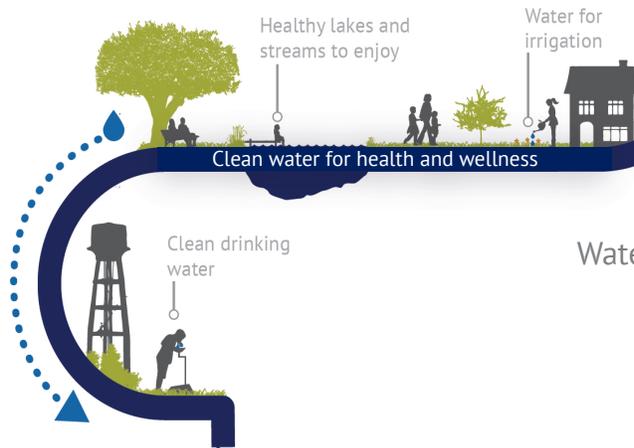

MAINTAIN

Keep our existing and newly restored ecosystems clean

Who is VLAWMO?

Vadnais Lake Area Water Management Organization (VLAWMO) is a local government agency that uses science and partnerships to improve the impacts of stormwater in our watershed.

Water within our boundary flows to Vadnais Lake
